

## Real results from finance teams using Chaser

### Gain control over your cash flow

“We are getting paid **36 days faster** - with our debtor days down from **60 to about 24**”

- Ravi, Director, Wren Accountancy

### Improve visibility across receivables

“We reduced our manufacturing clients’ days sales outstanding by **over 75%** with Chaser”

- Chloe, Virtual Finance Team Manager, SAS Accountants

### Free up time for higher-value work

“We save at least **15 hours a week** - and that’s me being stingy!”

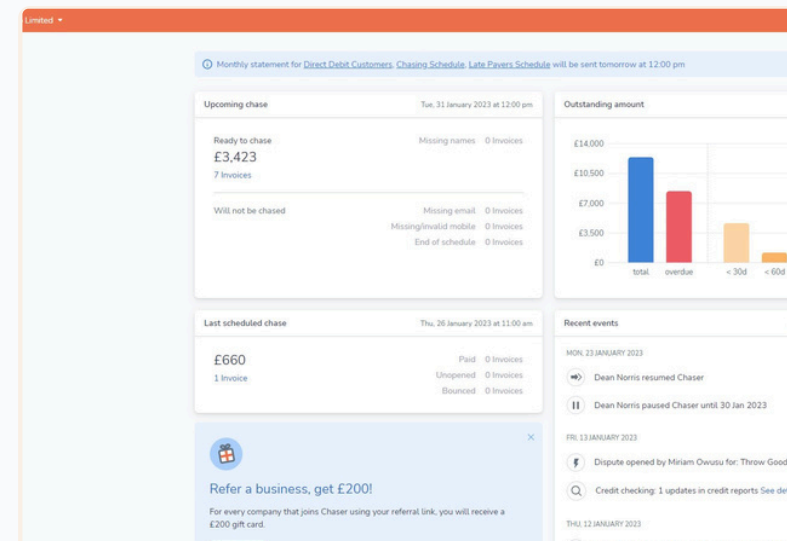

- Rossana, Credit Control Manager, Love Brands

### Stay professional while chasing payments

“We collected old debts from **4 clients in just 2 weeks**, all handled in an extremely professional manner.”

- Phil, Owner, Vanilla Accounting

# CHASER

## Accounts receivable automation and forecasting software

Receive invoice payments faster

Take a proactive approach to AR, automatically. Users are paid 38 days faster on average.

Automate without losing the human touch

Ensure customers never know you're using automation, with advanced customisation and personalisation.

Eliminate manual work

Every step of your process is tracked and managed automatically. Some users save 15+ hours per week.

Forecast future cash flow

Turn receivables into predictable cash flow with AR, revenue, and cash flow forecasting built on real-time data.

**15+**  
hours saved per week

Save time on manual receivables processes so you can focus on other tasks.

**75%**  
reduction in DSO

Collect payments in a timely manner to improve cashflow and financial health.

**54+**  
days sooner

Speed up your cash collection process
